WHAT OUR Couples Say

Sophie & Jarrod

We had such an amazing experience with the whole team from The Pavilion on our wedding day. Not only was the venue done up beautifully but they made the day run so smoothly. I had so many compliments on the food but even more compliments on the service, many guests admitting they rarely had to go to the bar as the wait staff would see their almost empty drink and bring ask them if they wanted a refill. Bec and Noel-Marie were amazing for me and my husband, always making sure we had what we needed and that the space was too our dreams (lighting, temp etc.). Our day could not have been more amazing!

Emily & Jonny

Booking our wedding at the Pavilion was the best decision we ever made. From securing the venue to organising table layouts and picking a menu Bec and Noel-Marie were so helpful. They made the process of planning a wedding reception seamless, everything ran smoothly and to plan without you even noticing. The staff were phenomenal. Guests commented on how impressed they were with the waitstaff service. They were so friendly, always had a smile on their faces, helpful and it felt like they genuinely cared about us.

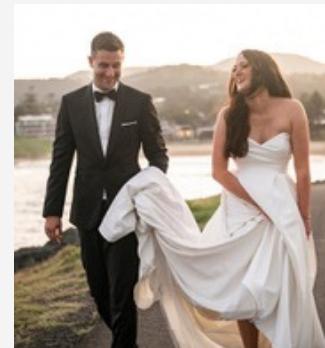

Andrew & Paul

The service from Bec in the lead up the wedding and then from Noel and the Culinarius team on the night was excellent. The food provided throughout the night was delicious and of a very high quality. Our guests commented how amazing both the canapes and main courses were.

Jasmine and Tim

Our wedding at The Pavilion Kiama on 11/03/2023 was an absolutely wonderful experience. The food was amazing, delighting all our guests with its taste and presentation. The staff were exceptional, going above and beyond to ensure everything ran smoothly on the day. Special thanks to Noel-Marie, who made sure we were in safe hands every step of the way. Her attention to detail and genuine care made our special day flow effortlessly. The venue itself is stunning, but it was the outstanding food and service that truly made our day perfect. Highly recommended!
